

FS0945-10

Lavatory Flush Switch with IR sensors for touchless activation,
designed for the Airbus A320 and A350

FS0945-10

Key features

Electrical

- + IR sensors for touchless operation
- + fitted with a LED status ring: blue (default) and amber (in operation)
backlight: white (approx. 6000 K)
- + PWM dimming possible
- + protection against overload, short-circuit and reverse polarity

Mechanical

- + protective ULTEM housing
- + fully qualified i.a.w. RTCA-DO160
- + fitted with both IR sensors for touchless operation and a mechanical switch which acts as a backup in case of malfunction

Other

- + designed for the A350 and A320
- + accessory: FF0946 Flush Switch Foil, can be custom-made to suit any airline's corporate design
- + accessory: FC0947 Flush Switch Cover, available in several colours and finishes
- + MTBF : > 50.000 operating hours

Technical data

Mechanical dimensions

depth	33.5 mm
width	86 mm (incl. cover)
height	86 mm (incl. cover)
weight	320 g (incl. foil and cover)

Electrical data

voltage	28 V DC
power consumption	6 W idle / 8 W active
