

# CU8420

## Key features

### Electrical

- + 2x 28 VDC power outputs

### Data interface

- + 2x USB 2.0 - 2 RS485 - 2 CAN
- + 8 discrete inputs  
16 discrete outputs  
5 ID-inputs
- + 1 Ethernet interface  
1 display interface  
1 Arinc429 Interface

### Other

- + Can be used as a cabin controller, cabin management system or entertainment bridge interface.
- + The unit is controlled by software with exchangeable modules.
- + SD card slot available

## Technical data

### Mechanical dimensions

length	145 mm
width	204 mm
height	35 mm
weight	950 g
